Harold Waggoner			

Due to the informal nature of the meeting, attendees may have participated in the meeting without signing in.

I. INTRODUCTION

The I-70 East environmental impact statement (EIS) project team conducted a community leaders coordination meeting on June 18, 2014 as part of the on-going community outreach process. The primary purpose of the meeting was to allow members of the public to speak with project team members, ask questions, express their concerns, and provide comments. The focus of this meeting was to discuss how to comment on the Supplemental Draft EIS that is scheduled to be released for public comment on September 5, 2014.

The meeting started at 4:30 p.m. as an informal meeting with no presentation. The informal style let people arrive at their convenience, get information that interests them, and provide feedback at any time during the meeting by completing a comment sheet or discussing their thoughts and concerns with a project team member. Boards and plots were available to let the public view the progress on the project.

The meeting included discussion tables facilitated by project team members. The discussion tables allowed individuals to interact with each other, share their thoughts and opinions, and give them an opportunity to discuss their concerns with a project team member in more detail. Spanish translation and light refreshments were available at this meeting.

II. SUMMARY OF DISCUSSIONS

The following questions and concerns were discussed:

One resident was concerned about roundabouts.

A few people asked when construction would begin

One person wanted more information about property acquisitions

A few attendees wanted information about financing

III. COMMENT FORMS RECEIVED

No comment forms were received during the meeting.
