

WELCOME

to the

I-70 East Corridor-Wide Public Meeting

The I-70 East EIS project team invites you to join CDOT and FHWA for an update on the project and a review of the alternatives under consideration.

- Please take this opportunity to learn more about the project by reviewing the exhibits and speaking with the project team members.
- Then join us at the discussion tables and fill out a comment sheet to provide us with your input.

Project team members with the name badges are available to record your comments, answer your questions, or discuss your concerns.

THANK YOU
for taking the time to get involved.
