

How would the Swansea Elementary School look adjacent to the proposed alternative options?

Swansea Elementary School now

4.1 acres

Since the Revised Viaduct South option pushes the highway and 46th Avenue farther from the school than existing conditions, there will be no upgrades to the school site with that alternative option.

Swansea Elementary School with Revised Viaduct North*

Swansea Elementary School with Partial Cover Lowered

Option 1

6.8 acres

Option 2

Option 1

4.5 acres

Option 2

The design of the school site plan is subject to Denver Public Schools approval.

* DPS does not support the Revised Viaduct North school site plan configuration due to the proximity of the elevated highway
