

**Current Alignment**  
Partial Cover Lowered

# Where could the cover be located and what could be on top of it?

- The maximum length of the cover is 900 feet
- To optimize its use, the cover has been placed where the maximum length is feasible which is between Columbine and Clayton
- The cover options shown display different layout concepts
- Landscaping locations (such as trees) are dependant on the design of the cover, and may change as design advances
