

# Resources Evaluated in the Final EIS

**Studies were conducted to determine the impacts of the project alternatives on different environmental resources, including:**

Chapter 4 <b>Transportation Impacts and Mitigation Measures</b>	Section 5.13 <b>Biological Resources*</b>
Section 5.2 <b>Social and Economic Conditions*</b>	Section 5.14 <b>Floodplains and Drainage/ Hydrology</b>
Section 5.3 <b>Environmental Justice</b>	Section 5.15 <b>Wetlands and Other Waters of the U.S.*</b>
Section 5.4 <b>Land Use and Zoning*</b>	Section 5.16 <b>Water Quality*</b>
Section 5.5 <b>Relocations and Displacements</b>	Section 5.17 <b>Geology and Soils*</b>
Section 5.6 <b>Historic Preservation</b>	Section 5.18 <b>Hazardous Materials</b>
Section 5.7 <b>Paleontological Resources*</b>	Section 5.19 <b>Utilities*</b>
Section 5.8 <b>Visual Resources and Aesthetic Qualities</b>	Section 5.20 <b>Human Health Conditions**</b>
Section 5.9 <b>Parks and Recreational Resources*</b>	Section 5.21 <b>Irreversible and Irretrievable Commitment of Resources*</b>
Section 5.10 <b>Air Quality</b>	Section 5.22 <b>Short-Term Uses and Long-Term Productivity*</b>
Section 5.11 <b>Energy*</b>	Chapter 6 <b>Cumulative Impacts*</b>
Section 5.12 <b>Noise</b>	Chapter 7 <b>Section 4(f) Evaluation*</b>

**A full discussion for each resource analyzed is included in the Final EIS.**

- \* *No board provided; see Final EIS for impact summary and mitigation measures*
- \*\* *New topic added to the Final EIS as a result of comments received on the Supplemental Draft EIS; no board provided*
