

## Swansea Community Cover Planning

- CDOT has been working in partnership with the City of Denver and Denver Public Schools on a public process to design the Swansea community cover
- The overall intent of the space is to provide an active and vibrant area with opportunities for sports, games, outdoor movies, concerts, and farmers markets
- Part of the Swansea community cover will be a shared-use area with Swansea Elementary School, but open for community use during non-school hours and days
- Two public workshops have been held to date, with a third planned for early 2016
- The public workshops have shaped the current design, and additional community input will be sought to determine the final design
