I. INTRODUCTION

The I-70 East Environmental Impact Statement (EIS) project team conducted a right of way informational meeting on July 31, 2013 to inform the public about the purchase and relocation process.

The meeting started at 5:00 pm with a PowerPoint presentation. After the presentation attendees were able to meet with right of way specialists to discuss the purchase and relocation process, get information that interests them, and provide feedback at any time during the meeting by completing a comment sheet or discussing their thoughts and concerns with a project team member.

Spanish translation, childcare, food, and drinks were available at the meeting.

II. SUMMARY OF COMMENT SHEETS

The following section details the comments received to date from the comment sheets distributed at the meeting.

1. May we add you to the project Mailing List?

- Owner-occupant (1)
- Tenant (0)
- Absentee Owner (0)

4. Were your questions answered today to your satisfaction?

- To the best of their ability, wanted more info about timeline. Whether property (home) overhanging onto adjacent property will also be acquired?

5. If you have remaining questions, would you like a CDOT right-of-way agent to contact you back?

- Yes (1)
- No (0)

6. Any additional comments or questions?

- Prefers acquisition of the entire parcel. Health reasons, all surrounding areas will be acquired, isolated. Mag Chloride lands on solar panels, dust, particulates, property value diminished by proximity to freeway. Huge drops in property value last few years.
- 4608 Josephine. Tenant asked to be included in first purchases.
- Damages if yard is smaller?
